

# Burton Bulletin

Your villages; your paper; your news

## Villagers urged to report water leaks to Yorkshire Water

Over the past few years there has been an increasing number of incidents concerning raw sewage and effluent rising up through road manhole covers and surface water drains in and around Kirkburton. This has resulted in numerous incidents of raw sewage running down some of the main access roads in Kirkburton and pooling/collecting in areas such as Low Town and various other lower lying areas.

The roads most affected by sewage discharge and overflow are Turnshaws, Far Dean, parts of North Road/George Street and Riley Lane.

The probable cause is most likely the largely old Victorian sewage systems which are under-capacity for the current levels of discharge and levels of heavy rainfall.

These Victorian systems were installed to carry both surface water and sewage; and now at

times of peak flow and heavy rain cannot cope with the increased flow levels. Hence the sewage and surface water backing up through inspection covers, manholes and gutter surface water drains, and on occasions breaking the road tarmac and rising up through cracks in the road.

Attempts to engage with Yorkshire Water have been undertaken by one of our Kirklees Councillors, Bill Armer, and Roger Beaumont Chair of KHCA.

Whilst some progress has been made and an agreement to carry out a sewer camera inspection has been given, Yorkshire Water appear reluctant to accept that there is any fundamental problem with the sewage systems, or its ability to carry increased levels of domestic discharge and surface water.

Water leak in George Street, Kirkburton

The conclusion is that if we are to get Yorkshire Water to take blockages and sewage escapes seriously then, as a community, we should report every single incident. We would encourage residents to do so whenever they observe sewage escaping or suspect a blockage, incidents with a photograph attached to the report would serve to highlight any problem.

To enable residents to report any issues to Yorkshire Water the contact details are :

**Phone - 03451242424**

**Post - WESTERN WAY HALIFAX ROAD, (PO BOX 500), BRADFORD, BD6 2SZ,**

**Or email via the website [www.yorkshirewater.com/contactus/](http://www.yorkshirewater.com/contactus/).**

## Senior Citizens' Tea

This annual event will be held on **Saturday 14 March 2020 at Kirkburton Middle School from 3pm**, with tea being served at 4pm.

We are delighted again to be able to announce that James Newsome from The Bakery is continuing to do the catering, as last year.

As always, we have a local musical group who will be providing the entertainment, which will take place as usual, after tea. This year, Dom Beresford and his ukulele group will be performing from their repertoire of music from the 60s and 70s music and even earlier. They strum and sing so you will be able to sing along.

This year to make your booking, please ring Karen Wilcox on 604278 before 1 March, and mention if you require a vegetarian option. We will no longer be delivering letters to individuals. This article and posters around the village is our means of advertising the tea.

Let us again aim at the magical 100 plus figure. Please try your very best to attend and bring along any friends or new residents to the village, making sure that you have booked places with Karen.

We look forward to seeing you there,

**Andrew Rogers and the Committee**

# Burton Bulletin

The **Burton Bulletin** is edited and distributed by volunteers to over 2,000 households in the Pennine villages of Kirkburton and Highburton, near Huddersfield.

## News about The Burton Bulletin

For this edition we have several messages about the Bulletin itself.

Firstly, your Bulletin is thriving. We are receiving so much good material from our contributors and attracting so much support from advertisers that we have had to increase the number of pages; from 24 to 28 and again to 32. We have also increased the print run.

That is not to say that we intend increasing the number of pages even further (we have to consider the burden on our loyal and hard-working distribution team), or even that every future edition will have 32 pages.

The advertising side of the Bulletin has gone very well thanks to the fantastic efforts of our advertising manager Ann Schofield. So, we were very sad when Ann told us she had decided to stand down from the role to pursue other interests. We are very grateful to Ann for all her hard work. She has been a key part in putting the Bulletin on a steady footing. We wish her all the best for the future.

Another highly valued member of our team, Ian Gunson, has stood down from his role as our photographer. We will miss his professional-standard photographs.

Ian was formerly a key member of the Bulletin distribution team for many years. We also send our very best wishes to Ian.

We are also sorry to lose Geoff Barnard who has let us know that he is stepping down from his role as one of our distribution co-ordinators. The role has involved Geoff, together with John Boden, collecting the copies of the

Bulletin from the printer in Barnsley and then delivering the right number of papers to each of our team of delivery agents. We are grateful to Geoff for his hard work and dedication over the years.

**If you think you might like to get involved with the advertising side of the Bulletin, photography or helping with distribution or any other aspect of the paper, please get in touch. We are sure that you will find it rewarding.**

We had a very good response to Jan Moscovitch's ink drawings of Kirkburton and Highburton which featured as illustrations for the Memories section in the last three editions. Readers have asked whether we might produce high-quality copies of the drawings for framing. Jan has kindly agreed to donate the images if the copies were to be sold to raise money for a good cause. This is certainly something we could consider and we would be very interested to know the views of readers.

Some of the editorial team are rather technically challenged, so we are proud to announce two steps forward:

The text of the Burton Bulletin is now available on the KCHA website (so the Bulletin can be viewed by exiled Burtoners worldwide).

Also, after something of a hiatus, we can now say that the Bulletin email address is being properly monitored and that the messages received are being acted upon. Apologies to anyone who emailed us and had a rather tardy response.

**The Bulletin Team**

## Support Your Local School

### Kirkburton First School

Friends of Kirkburton First School are delighted to announce they have been chosen to benefit from the Co-Op Local Community Fund this year.

At a time when funds for community groups and charitable organisations are becoming more difficult to access, we're incredibly grateful for this opportunity to make a real difference at Kirkburton First School.

We are currently fundraising to improve the outdoor areas which have deteriorated with age.

At **Kirkburton (CE) First School** we are passionate about promoting healthy and active lifestyles for our children and provide opportunities for them to play a wide range of sports and games both as part of the curriculum, and during their break times.

Our field is a wonderful space but the ability to use it is weather-dependent; it can quickly become boggy which means that it cannot be used for long periods of time. In order to improve the provision we can offer to the children, we are looking to install a MUGA (multi use games area) which will ensure that the children will be able to play outdoor sports all year round. When complete this facility could also be shared with other groups in the local

community or even maybe even inspire some new community clubs. Outside play is essential to both the physical and mental wellbeing of all young people; improving our facilities will have a positive impact which will reach far beyond the sports field.

#### How you can help

To help us raise vital funds, we will be relying on Co-op members. When a member buys selected products or services from the Co-op they earn a 5% reward for themselves, with a further 1% for local causes like ours by using your card.

The Co-op is looking to support organisations that make a difference in their local communities by protecting & improving community spaces, helping people reach their full potential by developing their skills, or promoting health and wellbeing.

Co-op members can choose to support our cause by going to [www.coop.co.uk/membership](http://www.coop.co.uk/membership). Anyone can support us when they shop at their local Co-op regardless of where they live. Please share with your family and friends and, if they live more than 15 miles away, ask them to visit <https://memberships.coop.co.uk/causes/38152>

We really hope that our community will visit the website and choose to support us. If you're not a member and would like to support us, you can join at your local store or online at [www.coop.co.uk](http://www.coop.co.uk).

When a community comes together we're able to achieve great things. Please support us in improving our outdoor play area.

## Kirkburton Liberal Club —seeking new members

The Liberal Club is looking for new members. The subs are £10 for the year. (being collected now) The bar stocks a variety of gins, real ales, Prosecco and the normal range of spirits at very competitive prices. It has a snooker and pool table and if you are a member you can book a party or event free of charge. Why not give it a try?

The Club will be holding a Horse Racing Night, beer pong and a raffle on 21 March at 8pm to raise funds for Prostate Cancer.

Please look out for further details to support this charity fund raising event.

Telephone 01484 604689

Kirkburton Liberal Club's 1920s themed evening on New Year's Eve

## Kirkburton Parish Council Village Improvement Fund

The article about the new Village Improvement Fund in the last edition of the Bulletin had a great response. Thanks to everyone who came up with ideas for spending the new Parish Council fund. Councillors are currently evaluating them and will keep residents informed.

## Linton receives award from Community Association

Linton receiving his award from Vanda White of KCHA

Linton Bentley received a Burton Award from Kirkburton & Highburton Community Association (KHCA) for his many years of service to the village.

Linton has been a fixture with his hair salon in Kirkburton since 1972 and is known by many people in the village. He has been instrumental in the Kirkburton Business Association and has devoted many hours as a volunteer in various projects.

These community activities include the erection and taking down of the Christmas lights, being one of Santa's drivers as

well as helping organise Business Association events in the past.

Also, not forgetting his reindeer display that shines brightly every Christmas in the centre of Kirkburton, delighting young and old.

This award is given to show the appreciation from the community for all of Linton's hard work over the many years he has been in the village and we hope for many more years to come,

*Well done, Linton.*

The Partner Practice is an Appointed Representative of and represents only St. James's Place Wealth Management plc (which is authorised and regulated by the Financial Conduct Authority) for the purpose of advising solely on the group's wealth management products and services, more details of which are set out on the group's website [www.sjp.co.uk/products](http://www.sjp.co.uk/products). The titles 'Partner' and 'Partner Practice' are marketing terms used to describe St. James's Place representatives.

# Burton Environment Group

## - report on projects

Exercise stations at Burton Community Fields nearing completion

The last of the four major BEG projects has now been completed after five years of concentrated effort by members.

The Burton Dean Park **Community Trim Trail** and **Exercise Stations**, together with the **Town Quarry** project, were approved by our funders, Cobbett Environment Ltd supported through the Landfill Communities Tax, in December.

They commented that the areas have been improved for physical and social benefits to the community and already appeared to be in greater public use, including the new

seating.

The new dry **Trim Trail** is being enjoyed by a variety of users including families with buggies and a vast range of dog breeds.

The **Exercise Stations** will be landscaped in the next few weeks (as the land recovers from the wettest Autumn on record), provided with user information and, we hope, opened for use in April.

Part of the upper station area is going to be bark-mulched and fitted with additional seating. We welcome the grass growing along the sides of the trails and stations and will use the flail

machine to manicure the area.

The new streetlight has been switched on in **Town Quarry** and the new seats and signs are in place. Wildflowers have been planted around the Geology Information Board and a further section around the bench is planned for the Spring. The **Memorial Garden** lights were switched on from Armistice Day until New Year.

Finally, the Burton Dean Park **Petanque** pitches are in good condition despite the wet Autumn. The **Kirkburton Petanque Club** will be restarting in April (Saturday at 10am and Wednesday at 2pm) both socially and in matches against other local clubs.

Enjoy the wellbeing of our local environment. .... WALK / JOG / TALK / CYCLE / PLAY / RELAX

**Tim Scott**

### Why not get involved with BEG?

The group welcome any new members as there is always plenty to do. No skills are required.

As volunteers you can pick which days you would like to do and what activity you would like to be involved in.

If the weather is poor please check that the work parties are going ahead by telephoning Anna Boden on [01484 606996](tel:01484606996), or e-mail [anna-boden@hotmail.co.uk](mailto:anna-boden@hotmail.co.uk), or check on Burton Environment Group - BEG Facebook page before 9am on the morning of the work party.

We will let you know where to meet and what jobs are on offer.

We are hoping to use the flail machine in April, July and October on the pathways through the quarry, around the trim trail and the community orchard in the community fields.

From March until October we have included a Saturday morning session (the last Saturday of the month) 10 am to noon so that people who work during the week and Duke of Edinburgh students can join us.

# Kirkburton and Highburton Community Association (KHCA)

<https://www.khca.org.uk/>

## Community Association Web Site ... NEWS

The web site is/will be undergoing change.

Already the **What's On** part has been extended to make it easier to find what you are looking for and to cover more Locations. Select **Community Calendar** to get a listing of all events in our area; use the filters to pinpoint what you are looking for.....

Home Contact Links 01484 606065

The screenshot shows the KHCA website's 'Community Calendar' page. At the top, there's a navigation bar with links: News, About KHCA, Gallery, Hall Hire, User Groups, What's On, Burton Bulletin, and Burton Environmental Group. Below this is the KHCA logo and the text 'KIRKBURTON AND HIGHBURTON COMMUNITY ASSOCIATION'. The main content area features a 'Community Calendar' section with a 'Village Hall Calendar' sub-section. To the left of the calendar is a filter menu with 'Category' (Adults, All ages, Children, Babies & toddlers, School age children, Young people, Seniors, Special Events) and 'Location' (All Hallows Church, Burton Village Hall, Kirkburton Library, Kirkburton Scout Hut, The Hub, The Venue). To the right is another filter menu with 'Tag' (Christmas, Craft, Environment, Fitness, HealthWellbeing, Learning, Music, Religion, Social, UniformedGroups) and 'Month' (January, February, March, April, May, June, July, August, September, October, November, December). The calendar itself shows events for January 2020. Three events are listed: 23 JAN, 6:15 pm - 7:30 pm, KIRKBURTON BROWNIES (Thursday, Kirkburton Scout Hut); 24 JAN, 10:00 am - 12:00 pm, LOCAL HISTORY GROUP (Friday, Kirkburton Library); and 24 JAN, 2:00 pm - 4:00 pm, KNIT AND NATTER (Friday, Kirkburton Library). Each event has an 'EVENT DETAIL' button.

Further changes are planned .....

the **Gallery** will become open to everybody's pictures (subject to editorial limitations).... We want to try to make this section reflect our present area/community.

the **Latest News** and **Groups buttons** button will be operable

the **Contact Us** facility will be easier to use and more responsive and allow uploading of pictures.

And we would like to extend its content to show off, to its best, our environment .... If you have any suggestions please contact "The Bulletin"

## Burton United — a calendar of activities for the Everyone

The Burton United Community Calendar is now available on the KHCA website – link below. Most of the activities are now listed on the site.

It is possible to filter the activities by age group, location, type of activity and month.

There is also a search facility, so people can look for specific activities e.g. Slimming World.

There is a form attached which shows all the information that can be included – the more you include the more informative it is for people viewing it.

If anyone wants an activity or special event listing – please email the details to me using the form or just including the information in the text.

[www.khca.org.uk/community-calendar/](https://www.khca.org.uk/community-calendar/)

You can also now read the text of the Burton Bulletin, including previous editions, on the KCHA website

## Exciting New Community Micro-Enterprise Project in Kirklees

communitycatalysts®  
unlocking potential effecting change

Delivered by social enterprise Community Catalysts, in partnership with Kirklees Council and other local partners, the **Kirklees Community Micro-Enterprise Project** started in **Oct 2019** and will run for two years.

Community Catalysts has a huge amount of experience helping local people establish community micro enterprises which can:

- offer a friendly and supportive point of contact to explore ideas
- provide practical information on regulation, training, and opportunities in the health and social care sector
- signpost to other organisations who can help

Learning from **Community Catalysts'** highly successful project in Somerset and with a focus on **helping local people to help other local people**, the project offers support to new and existing small enterprises in providing a range of help and support to people living in their own homes, including those with dementia wanting to remain living independently.

**Community Catalysts** will also advise existing small groups and organisations looking to diversify or extend what they offer.

The work is starting in the south of the borough (our villages), where there is particular difficulty providing homecare through current arrangements and will build on what already works to value and nurture people, groups, and organisations with strong local knowledge and expertise.

The project will help partners learn from local people, and will use this knowledge to affect systems and culture change, working in partnership to improve the way that health and care works for people in Kirklees.

Mark Finch has been employed as the Local Catalyst to lead the project in Kirklees.

Contact Mark for more information on 07741 260 676 or [mark.finch@communitycatalysts.co.uk](mailto:mark.finch@communitycatalysts.co.uk)

## Local travel agency short-listed for top travel agency in the UK

Local travel agency **Travel Experience** is a finalist in the Travel Trade Gazette's TOP 50 travel agencies in the UK.

**Travel Experience**, based in Kirkburton, has been shortlisted in the Yorkshire region and is up against four other travel agencies for the coveted award.

The TTG Top 50 is a nationwide awards programme that recognises the best travel agencies across the country.

Its group editor Pippa Jacks added: "Now in its fifth year, the TTG Top 50 Travel Agencies initiative – which recognises travel retailers for customer service and innovation and not just sales – goes from strength to strength."

The shortlist was decided through rating by a wide panel including tour operators, airlines, cruise lines, and hotel companies. They were asked to rate agents they had worked with in the last 12 months, and to consider expertise and service as well as sales performance.

Julie Bangham, Travel Experience's managing director, said: "We are absolutely thrilled to have made it to the finals. The team here at Travel Experience are committed to being the best at what they do and getting this far is a testament to the team's hard work and dedication to customer service."

Ms Bangham added that her team of six travel professionals have a combined experience of over 150 years between them in offering worldwide tailor-made travel and offer customers extensive travel knowledge and personalised service.

The shortlist in each regional category, and five companies in each nationwide category, will go head-to-head in the final, with the winners to be announced at a ceremony on 30 April at The Vox in Birmingham.

*Editor's note – we wish you the very best of luck!*

For more information please contact Julie Bangham on Tel: 01484602225 Mobile: 07768165905.

(**Travel Experience** was established in 1986 and is located at 115 North Road, Kirkburton, Huddersfield, HD8 0RL)

### STAFF CHANGES

We are very pleased to announce the appointments of Dr Rebecca Schatzberger, salaried GP and receptionists Heidi and Janet.

Practice Managers Julie Thornton and Julie Raper have recently left the Practice. We wish them happiness and success in their new roles and welcome our new Practice Manager, Julie Lambe, to the practice team.

We are now accredited as an Armed Forces Veteran friendly GP practice by the Royal College of General Practitioners, NHS Improvement and NHS England. Rachel France, Senior Nurse, is our clinical lead.

Practice Manager Julie Thornton and Senior Nurse Rachel France

### PATIENTS WHO DID NOT ATTEND APPOINTMENTS SEPTEMBER-NOVEMBER 2019

September	135 - 8%
October	149 - 9.7%
November	89 - 5%

If you do not need your appointment, please text back to cancel, call 01484 602040 or email us at:

[reception@kirkburtonhealthcentre.nhs.uk](mailto:reception@kirkburtonhealthcentre.nhs.uk)

### THE NHS APP

The NHS App is a new, simple and secure way to access a range of NHS services on your smartphone or tablet. The free app is available through the Apple App Store and Google Play. The app can be used to:

- Book and cancel appointments
  - Securely view your medical records
  - Order repeat prescriptions
- (You must already be registered at the practice to use these first three features)
- Check symptoms using the NHS A-Z symptom checker
  - Register to be an organ donor
  - Choose how the NHS uses your data

To use the app fully, you will need to create a NHS account log-in. You can use the details the Practice gave you when you registered for online services. These are: account linkage key, Practice ODS code and account ID. If you do not have these details, please contact our reception team, who will generate new information for you.

Once you're registered and up and running, the app is maintained and supported by the NHS. If you have any questions, you can contact <https://www.nhs.uk/using-the-nhs/nhs-services/the-nhs-app/help/>

## KIRKBURTON HEALTH CENTRE

### PATIENT PARTICIPATION GROUP EXTRACTS FROM NEWSLETTER WINTER 2019 - 2020

[www.kirkburtonhealthcentre.nhs.uk](http://www.kirkburtonhealthcentre.nhs.uk)

### NOROVIRUS

**Norovirus and flu-like symptoms are currently circulating in our community.**

**Norovirus**, better known as 'winter vomiting bug', is a stomach bug that causes vomiting and diarrhoea. You may also have a temperature, aching body and headache. It can be very unpleasant, but usually goes away in two days. Drink plenty of fluids, such as water or soup to prevent dehydration. Take paracetamol to lower temperature and treat aches and pains, and get plenty of rest.

**Flu** symptoms can come on very quickly and include fever, exhaustion and aching body. Get plenty of rest and sleep and take paracetamol and ibuprofen for aches and pains. A pharmacist can give advice and recommend flu remedies. Be careful not to use flu remedies if you're taking paracetamol and ibuprofen tablets, as it is easy to take more than the recommended dose.

**To reduce the risk of spreading norovirus and flu:**

- Wash your hands often with warm water and soap
- Use tissues to trap germs when you cough or sneeze
- Bin used tissues as quickly as possible
- If you have norovirus, you must stay away from school or work, and not return until you have been symptom free for two consecutive days
- Avoid visiting people in hospitals or care homes until you are symptom free
- Do not share towels
- Wash clothes and bedding in a hot wash to kill viruses
- Flush away any poo or vomit in the toilet and clean the surrounding area with a bleach-based household cleaner.

We are a community-run Playgroup offering a wide range of activities and excellent facilities, including a large outside play area with sensory garden. We aim to provide a high standard of childcare, in a welcoming, friendly, comfortable environment, where learning is achieved through play. All our staff are well-qualified and have a wealth of experience in working with children. We are very proud to have been rated "OUTSTANDING" by Ofsted since 2008.

**We are open during term-time the following hours:**

9am-3pm on Monday, Wednesday, Thursday\*, Friday  
9am-12:30pm on Tuesday

We also provide a lunch club facility

(\*Note, Thursday 12:30-3pm is Rising 5's for Pre-Schoolers only)

We would like to say a huge THANK YOU to everyone who helped out and donated to this year's Santa's Sleigh. The money we received from it is very much appreciated and will be going towards some new IT equipment for the children to use at Playgroup.

We can offer funded places for 3 & 4 year olds for most of the week during term time. If you are eligible for 30 hours we can offer a place for up to 27.5 hours a week or you can use part of the funding with us and part with another childcare provider. You can check if you are eligible for 30 hours funding using the childcare choices website. All 3 & 4 year olds are eligible for 15 hours funding; these can all be used with us and any additional hours required can be paid for.

# Kirkburton Library

## Storytime

Multiple reports and studies emphasize the need for young children to be surrounded with books, to hear and learn big and interesting words, and to interact with language through play.

In addition to those vital elements, storytimes in libraries and other learning opportunities in the community are now viewed as a critical component of young children's preparation to enter school. They are also vehicles for giving parents guidance on how to encourage early literacy skills at home.

## HD8 Angels Choir at the Library

HD8 Angels girls' choir singing at Kirkburton Library at Christmas

## What's on at Kirkburton Library

1st Tuesday of the month 6.00pm – 7.00pm **Book Club**

3rd Tuesday of the month 4 - 6.00pm **Family Ancestry Group**

Wednesday	9.30am - 10.30am	<b>Baby weigh</b>
	10.30am - 11.00am	<b>Rhymetime</b> (0 to 5 years)
	2.15pm - 3.00pm	<b>Storytime</b> (term time only)

Friday	10.00am -12.00pm	<b>Local History Group</b>
	2.00pm - 4.00pm	<b>Knit and Natter</b>

We were delighted when Elizabeth Priest, choir leader of the HD8 Voices Angels, contacted the library to enquire about the possibility of the HD8 Angels girls' choir performing at the library over the Christmas period.

On Saturday 14 December the library was full to capacity, standing room only, when we hosted this much anticipated performance.

Many of us had not heard the girls sing before but had heard a lot about them. We were not disappointed as the girls entertained us with a musical ensemble of Christmas and popular songs.

The event, very much enjoyed by all, was a great start to the Christmas festivities. A big thank you to the girls and Elizabeth for bringing this to us, you are welcome back anytime.

"Welcome" – that's how we hope you feel as you walk up to our church doors. Over Christmas we hosted many different activities: carols, parties, concerts and vibrant services. It was wonderful to see so many different generations, friends, old and new, enjoying our hospitality and worship and celebrating Christmas.

Now the regular church services go on, with Epiphany and Candlemas to round off the cycle of Christmas, then regular services at 11am and also Mothering Sunday on 22 March, Maundy Thursday on 9 April (we will offer a picnic in the afternoon for the younger members of our church and a more solemn Seder meal for adults) and Easter on 12 April. There will be extra services during Lent and Holy Week.

Our wonderful retired clergy, who have supported us so faithfully over the last months, have agreed to a variety of new/returning services, including Worship for All on first Sundays – for families who prefer a more informal setting; evening services (with Holy Communion on the first Sunday); evening prayers at 6:30 pm including an Encounter

## All Hallows Church

service, also offering a less formal approach – these will start in April. There will also be a return of "Songs of Praise" - keep an eye on the notice board, Facebook, our parish magazine or visit us to find out more.

The church is used by bell-ringers, Little Lights (see notice on page 30), our Youth Group and, of course, wedding, baptism and funeral visitors. We host concerts, demonstrations and a variety of opportunities to visit and enjoy our Heritage Church – 800 plus years of service to this community. A national project about Burial Sites has been updating our churchyard records and will soon be releasing a show of their findings.

We continue working to maintain and improve the fabric of the church and churchyard - a building as substantial and as old as All Hallows' needs constant care and attention. And we try to keep it open .... have you discovered the Squint? – an unusual feature! or looked at our historical memorabilia or admired our lovely stained glass windows?

Wishing you a blessed winter season, hoping you stay warm and well.

Kirkburton**

## Remember, remember, the month of Movember

The call went out once more for "men with vocal chords" in Kirkburton to join a pop-up male voice choir to raise money for charity, to support men's health issues including prostate cancer, testicular cancer and men's suicide. The month's rehearsals culminated in a showcase production at The Foxglove on Penistone Road on 28 November. The many supporters were energetically looked after by the willing young staff, serving everybody swiftly and efficiently, making sure that everyone was fed and watered before the concert began. Thank you to you all.

The Movember men's choir, launched in 2018 has proved so successful that it just had to return for an encore. You can't keep a good man down.

Conductor Elizabeth Priest and pianist Sally Byrne put the men through their paces to produce a most entertaining and enthusiastic selection of songs ranging from 'Jerusalem' to 'Bring him home' from Les Misérables.

The men, sporting all manner of moustaches and beards, were supported to the hilt that evening.

Not to be outdone, the HD8 Voices Ladies who were out in force to encourage the lads, joined them for a beautiful John Rutter composition – 'Look to the Day' – a specially commissioned piece, which unashamedly brought a tear to many an eye with such a heartfelt performance. Well done!

Every nook and cranny was packed with families and friends to support – and sing along with – the well-known songs - a tremendous performance which created a great community spirit of enjoyment, and raising money for a very good cause.

The sense of achievement and pride that emanated round The Foxglove that evening was tangible. The atmosphere was buzzing, the encouragement from the audience was rebounding off the walls and the very commendable sum of £850 was raised for the Movember charity.

A big vote of thanks to Elizabeth Priest and Sally Byrne for having the vision and energy to produce such a magnificent evening.

**Hilary Berry**

# The Sing For Toffee Choir

Many people have said how much they love singing in the shower and may have tried their hand at karaoke on a night out, but feel a little over-awed with the idea of joining professional choirs and performing well established choral pieces.

Back in October, Roger Beaumont and local musician Dominic Beresford hit upon the idea of setting up a choir group aimed at encouraging people of all abilities to come along and sing their hearts out purely for fun. The results have been an overwhelming success! Dominic, who performs in award-winning wedding band 'Rock My Reception' and teaches the Shelley Over 60's Ukulele Band was eager to encourage people of mixed abilities to sing.

The **Sing For Toffee Choir** has been running for three months now and has attracted over 40 members.

Roger explains how the idea for the choir came about. "Most people love singing, even if it's to their favourite song on the car radio, but may feel inhibited by joining a more regimented choir group. So, this is an opportunity for

people to leave their inhibitions at the door and sing well established popular songs".

But why the name '*Sing For Toffee*'? Roger explains; "Many people say 'I can't sing for toffee' Our choir accepts people of any singing abilities, and particularly encourages the people who 'think' they can't sing. The results of this choir has proved that everyone can."

Dominic describes the format of the group; "Basically, we're like a big group karaoke session. The lyrics are provided on a huge screen which is clearly visible to the whole group. We supply backing tracks and even percussion instruments which are handed round to encourage people to get into the spirit."

"We take song requests every week from the audience and have performed hits from The Beatles, Neil Diamond, Tom Jones and Martha Reeves to name but a few. Occasionally we have turned down the backing tracks completely and the choir has sung along to me playing the acoustic guitar.

The sound of the choir singing without the comfort blanket of the backing tracks was incredible."

The emphasis is to have fun and enjoy singing without constraints. Many people lead busy lives so you're not compelled to come along every week: whatever suits you is fine. There is no audition, no judging, no competitions, although the choir were involved in two concerts over the Christmas period.

Dominic explains; "Over the Christmas period we thought it would be fun to join forces with the Shelley Over 60's Ukulele Band and perform at a couple of low-key concerts, simply to boost everyone's confidence in performing in front of an audience. This was entirely optional, yet so many of our choir came along of their own volition and it was wonderful to see how both groups of non-trained musicians complimented each other so well". The concerts proved to be so popular that the Shelley

Over 60's Ukulele Band and **Sing For Toffee Choir** are already planning future concerts for the Spring.

Dominic says; "It has been a pleasure to see how popular the choir has proved to be and how so many people leave our group with smiles on their faces feeling positively invigorated!" The health benefits of singing are many, as recent studies by The University of Frankfurt have shown.

So, why not come along and **Sing For Toffee** ?

We meet every Monday at 'The Farnley Suite', The Venue at Storthes Hall Park, Kirkburton. HD8 0WA

7:00pm — 8:30pm (with break for refreshments at 'The Venue' bar.) Ed: "A toffee break?"

# KIRKBURTON

## HISTORY GROUP

### Oral History Project

Kirkburton History Group is planning to carry out oral history interviews with people from the villages throughout the course of this year.

Or, you can leave your details with Kirkburton Library staff who will pass them on to the group if you do not have access to the internet.

The purpose of this is:

- To create a record of an individual's unique life experiences
- To provide information on the past domestic and working lives of ordinary members of our village
- To gain new insights and perspectives that challenges our view of the past
- To shed a light on how our local history and our village environment has changed over the years

We would like to make this a project that the entire village can participate in and hope to make the interviews available for viewing at Kirkburton Library, if the person involved authorises us to make the content open. We would also like to get other village groups involved and make the recording equipment available to them if required. We have had some discussions with people from All Hallows and Shelley Emmanuel Churches and are keen to talk with local schools, uniformed groups and other village societies if they would like to join in the project.

We have a rough idea of some of the people we'd like to involve, initially, in this process and will be approaching them soon. We would also like to talk to residents at Croftlands Care Home and members of the Hub Dementia Group, as we believe the process has therapeutic benefits in encouraging people to remember their own personal history. If anyone else is interested in taking part in this project, please contact us via our web site

[kirkburtonhistorygroup.co.uk](http://kirkburtonhistorygroup.co.uk) and we will arrange to meet.

**Ken Christie – Chairman, Kirkburton History Group**

# Christmas in the Villages — round up of festive fun

## Christmas Fayre

The Christmas Fayre was held in the Village Hall on 30 November. There were lots of stalls selling a variety of produce, including candles, carved wood, preserves and pottery. The kitchen, manned by volunteers, served soup, hot dogs, toasted tea-cakes, mince pies and drinks and did a brisk trade. Much of the food had been donated by Kirkburton Co-op, for which the organisers were extremely grateful. Children were delighted to meet Santa who made a mental note to remember what they wanted for Christmas. Raffle prizes were donated by groups who use the hall.

The proceeds from the fayre were for the Community Association, to help with the running costs and keeping the rents down for users, and amounted to £650. Well done to the organisers for yet another successful event.

## Christmas lights

Once again Kirkburton village has had a wonderful display of Christmas lights with compliments from residents and visitors alike. Linton's reindeer family put a smile on everyone's face, and the family seems to have grown again this year.

A big thank you to all the people who make this possible. In particular, Philip Newsome, Russ Parkinson, Craig Makepeace, Mick and Jack Horton, but also the sponsors, business owners, and the band of volunteers who turn out in all weathers to put up, and take down, the light strings. This is not an easy task when the wind blows and cars come flying past.

Thanks also to Kirkburton Cricket Club and Grahame Booth for the loan of their long ladders which makes it possible to reach the higher connection points and Russell for his ladder wedges. We must not forget Paul and Clare Rogers for storing the equipment during the rest of the year. It is now quite a costly business as the help from Anderson and Healey is no longer available. The hire of a cherry-picker to erect and remove the lamp tablets is around £300 and along with replacement of bulbs the cost starts to add up.

Anyone willing to help in any way should contact Phillip on 07876 313730 or Russell on 606812 before the end of October 2020 to make sure the lights happen again next year.

## Christmas Lights switch-on

This was a new event in the village this year, when early in the evening of 6 December we managed to get hold of Santa and his chief elf Sparky, despite their very busy schedule at that time of the year, to turn on the Christmas tree lights in the Remembrance Garden. It was a crisp cold dry night and the children of Kirkburton First School sang beautifully some Christmas songs. Roger, on the microphone, helped by Dom on the guitar rang Santa from his mobile, and soon Santa and Sparky appeared and the countdown began. The lights turned on as if by magic.

Santa then led everyone up the hill to the school he met children in his grotto, and everyone was able to have a warming drink and look around the stalls at the school's Christmas fayre.

## Santa's Sleigh

The weather could not have been worse for the four days of the sleigh going round the villages this year; especially for the Tuesday night volunteers. However, this event was again very successful.

Firstly, the excitement on the faces of the children, and some adults, who come to see Santa is wonderful to see. Only a few younger children seem nervous and had to be escorted on to the sleigh by parents. One child said she knew he was the real Santa as he wore glasses. One Santa, despite getting soaked, said it made his night to be photographed with twin babies, a few months old in his arms, was it the rain, or a tear in his eye?

Secondly, the four nights' collections, along with donations from individuals, businesses, and collecting tins in some of the shops, raised almost £2,000, divided between the two first schools and two playgroups, who will get £500 each. Well done to anyone who helped in any way.

Santa's Sleigh making its way around our villages

Thanks must go to Kirkburton Co-op who very generously donated tins of sweets and chocolates for Santa to give to the children.

The very good news is that Martin Ward, who has helped with the sleigh for years, has stepped into take on the organisation of the sleigh this year. Well done, Martin.

## HD8 Choir - The Foxglove

Christmas was celebrated at The Foxglove with a festive performance from the choir, including *Il Est Ne* and *Rocking Around the Christmas Tree*, and a brilliant solo performance from one of Sally's students. A collection for the liver unit at LGI raised £100, in memory of a recent member of the choir who had been a patient there. Many choir members stayed on to enjoy an end of term, Christmas celebration.

## Church Carol Service

The carol service in Kirkburton Parish Church was held on 15 December. As every year the church was full to the rafters and the sound produced from the congregation was phenomenal. Janet Roberts, lay-reader stepped in at the last moment to take the service; it all ran very smoothly.

The Kirkburton First School Choir stole the show with their Christmas song, showing the HD8 Ladies' choir how to perform by being word-perfect without having to refer to their words. HD8 Voices sang *Il Est Ne Le*, a first for them singing in French, and also gave a very jolly rendition of *Rocking around the Christmas Tree*, complete with actions. Afterwards mince pies (provided by

the Co-op) and mulled wine were served whilst the ladies of HD8 Voices sang festive songs.

## Carol Concert and 1920's event at the Liberal Club

Thank you to everyone, particularly those with young families, who attended the Thurlstone Brass Band annual concert at the Liberal Club on Sunday 15 December. It was wonderful to see new faces joining in the Christmas spirit and witnessing a brass band at its best.

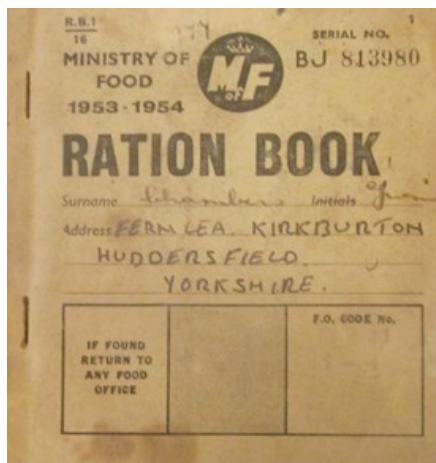

The Band consists of players of all ages performs in public in local venues in our area. (Their repertoire ranges from traditional brass to contemporary and their music appeals to everyone. They will be back in December, so put it in your diary.

To close 2019 the Liberal Club had a 1920's themed event with games, music, dancing (after midnight) faith supper and fancy dress. The party kicked off at 7.30pm and children were welcome until 9.30pm. We had a few guests who despite having lived in Kirkburton for many years, had never been inside the club. I have to say the outfits were quite glamorous.... and 2020 came roaring in.

Several of the events described here have thanked Kirkburton Co-op for donations. The Co-op has a local fund which benefit our local communities. On behalf of the residents of Kirkburton and Highburton, we would like to thank the store for its generosity throughout the festive season. Without their support, the events would not have been as enjoyable, and less money would have been raised for charitable causes.

# Memories—food rationing

## Rationing

Many readers who lived through the second world war will remember rationing and coupons, this will remind those people and hopefully inform others.

Rationing was a technique used by many countries during **World War II** that consisted of limiting the amount of a certain resource to the population, typically to give the remainder to the troops. Introduced in January 1940 for butter, sugar, bacon and ham, food rationing was extended to cover all foods - except bread - the following year.

The end of the **war** saw additional cuts. Bread, which was never **rationed** during **war-time**, was put on **ration** in July 1946. It was not until the early 1950s that most commodities came 'off ration'. Meat was the last item to be **de-rationed** and food **rationing** ended completely in 1954.

The United Kingdom had limited supplies of staple items to begin with, such as milk, butter, bread and meat from livestock. Small, family farms were the norm when people had limited amounts of space to grow crops and raise animals.

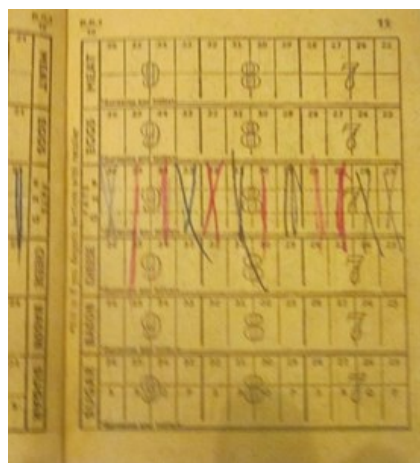

During the war, rationing was severe. This was partially due to the fact that the country relied heavily on imports that were not reaching our shores, also due to the fact that almost every able-bodied man was either drafted or volunteered to join the military.

Consequently, agricultural production was disrupted when men left their farms for the battlefield. Things got so bad that not only did women work in factories to produce items needed for the war effort, but many were also called on to plough fields and plant and harvest crops. They were called the 'land girls'.

The main source of meat came from either fish or SPAM. This was a staple food and recipe books were written to add variety and interest to this staple food. It was against the law to kill a chicken because the government viewed chickens as a source of protein for eggs.

There was even a rule that allowed the government to seize chickens if people kept more than three to six on their property. The government also had a process in place to count and regulate how many pigs existed in the UK.

Everybody had a ration book which was stamped by the

shopkeeper when food was sold to the customer, issued by the Ministry of Food. Other foods such as canned meat, fish, rice, canned fruit, condensed milk, breakfast cereals, biscuits and vegetables were available in limited quantities on a points system.

An adult's monthly allowance might provide a tin of salmon or fruit, and half a pound of dried fruit.

Bread, flour, fish (if available), offal, game (including rabbit, venison, etc), sauces and pickles were not rationed, but were not always available.

*The ration for one adult for one week (children receive half) was*

Bacon and ham (3-4 slices/rashers) 4 oz

Other meats – 2 small chops

Butter 2 oz  
Margarine 4 oz  
Sugar 8 oz  
Sweets 12 oz  
Milk 3 pints,

Cheese 2 oz  
Cooking fat 4 oz  
Tea 2 oz  
Egg 1

**plus** 1 packet dried milk, 1 packet dried egg and 1lb preserves each month

*(for our younger readers 2oz = 56 grams)*

A reader has sent some rather gruesome recipes from a war-time recipe book. Anyone who has a go at either of these below, please send us a photo.

## PIG'S HEAD WITH GREEN PEAS

Soak a whole or half a pig's head in salted water for 2 hours, then place in a saucepan with an onion, several peppercorns, a clove, salt, a tablespoon of vinegar and fresh water. Boil on a low gas for 4 hours. When cool, remove the bones (save for further boiling to make soup or stock). Cut the meat into small pieces, skin and slice the tongue. Have a pint of dried marrowfat peas already cooked, or a tin, or fresh peas ready. Take the liquor from the head, thicken with a little flour, add the peas and a knob of sugar, pour over the meat and serve.

## BRAWN

Any meat left over, will make a good brawn. Strain any remaining liquor, and make a little more by stewing the head bones in very little water. Dice the remaining meat, add a little spam and some green peas. Pour into a mould and leave in a cold place to set. Serve with salad.

## This is an example of a war-time filler

Bread and Butter Pudding (sufficient for two children)

3 ozs. Bread  
1½ ozs. Margarine  
1½ oz. Fruit  
¾ Pint Custard

Spread the margarine on bread, cut into cubes. Arrange layers of bread cubes and fruit in a small pie-dish, pour custard over and bake in moderate oven till brown.

# Memories—food rationing (continued)

## Gwen Chambers writes

I was 8 years old when war broke out, so I have a lot of memories – ration books, clothing coupon books and a card for bread being issued. My mum was a good cook, my favourite was prune pie.

She soaked the prunes overnight, then made the pastry, if she had no lard left, she used suet from the butcher's shop, or dripping if there was nothing else. Whatever she used, it always tasted very good.

What I could never get used to was saccharin instead of sugar, and the flour was a lot darker, but she still managed to bake a delicious pie.

We made the most of things and never went hungry. Thank you, Mum for getting us through the war years.

Gwen also writes about a funny incident during the war about soap.

I remember one morning coming down to wash in the stone kitchen sink, but could not find any soap. My mum said my brothers had used it the night before when they came home from the pit, so she said I would have to use their shaving soap stick.

She then went down to the Co-op in Low Town and got some more carbolic soap.

## Pat Shaw writes

My mum was pregnant with me, and had my sister in a push-chair when she heard that a shop had bananas, unheard of in 1946.

She arrived at the shop to find a long queue, but having a child and another on the way, was ushered to the front of the queue, and came away with two bananas, one for my sister and one for herself.

My sister, when given one of the bananas for tea, hated it.

A staple dinner-time food (we had what is described today as lunch, but in my youth, dinner, at mid-day, and tea, our main meal when Dad came home from work) was 'drip' bread. It was delicious, consisting of sliced white bread, with a thick spread of beef or preferably pork fat with brown bits in it, all left over from roasting our meagre Sunday joint, and sprinkled liberally with salt.

If the 'food police' got hold of that, they would have a fright and not expect anyone on such a diet to live to the ripe old age many of us on that sort of diet are enjoying.

The photographs are of ration books, vitamin token books and coupons which were kindly loaned to us by Barbara Kirkman and Gwen Chambers.

Please let us have your memories of clothes rationing for the Memories section of the May edition of The Bulletin.

## Featured business

# Lodge Vision — getting you connected

We are a local business based in Highburton, specialising in communications in the home and office. We deal with systems distributions for your digital media reception which includes broadband and internet, dual band Wi-Fi internal and external for out buildings, HD Freeview television, Free-sat, Sky Q, Sky Plus HD, CCTV, HDMI source equipment, satellite broadband, telephone wiring, CAT6 cabling, fibre optics and the latest CCTV systems via an app on your phone. Basically, whatever electronic media wired or wireless within your site, Lodge Vision can help get it there to operate your smart devices.

### HDMI

The field of receiving equipment is constantly changing and keeping up to date is a challenge. Lodge Vision has the experience and product knowledge to install and distribute any equipment around your property inside and out from the latest HDMI matrix systems to simple splits for a 2<sup>nd</sup> or 3<sup>rd</sup> location from your HDMI source including 4K such as Sky Q, NVR.

We are also able to combine HDMI equipment as a Freeview TV channel into you existing TV network, In the same way we can distribute CCTV and door-entry cameras to your TVs.

### Wi-Fi and Data

We can provide Wi-Fi multiple access points with the same I.D, guest Wi-Fi and managed data systems to allow for balanced data for business continuity. We can also install Wi-Fi bridges for equipment that doesn't have Wi-Fi built-in (such as BT Open Boxes).

To achieve higher speed broadband, buildings can be linked together wirelessly if 'line of sight' is available. If one building is able to obtain more data from your ISP pro-

vider than others, linking the buildings means that the broadband can be shared up to 128 MB.

We are able to assist with cabling in CAT5e, CAT6 and CAT6a as used in data and video distribution internally and externally from your switch or broadband hub and can also provide fibre optic cable solutions should the data cables exceed 95m. We can also install CAT6 for HDMI distribution and higher speed requirements and multiple voice telephone cable repairs and installations internally and externally.

### Satellite TV Distribution

With the recent changes in technology the reception provided by Sky Q boxes reception is now known as a wide band signal. Lodge Vision specialises in multiple user systems for premises where apartments are able to share communal TV system.

Any existing satellite system used for Sky can be upgraded for Sky Q by adding the new digitised stacked switches. With professional commissioning all the set-top boxes (including normal TV) will be within the parameters set by the TV industry. We also undertake repairs and realignments.

### TV Freeview

We install and repair aerials, amplification and distribution systems including providing additional outlets.

Lodge Vision can identify and resolve reception issues such as 4G in some locations and cross-channel interference.

We can install multiple TV reception communal systems including combined satellite reception. We are also able to install long distance cable runs via fibre optics.

Emley Moor transmitter and other local transmitters will be making more adjustments to accommodate more 4G and 5G signal space within their spectrum in 2020.

Some viewers may experience the loss of some channels because their aerial system may now be in the wrong grouping of frequencies, or other filters may be obstructing the new frequencies. Or it may be that the system is incurring noise or lack of gain which may affect the original design and set up.

Whatever the issue, Lodge Vision are able to deploy a spectrum analyser which should soon put you back in the picture. With the benefit of our over 25 years' experience in the aerial industry you will be in good hands to get back up and running.

The TV aerial reception is going to be around for some time yet with the public service broadcasting, so you would be wise to include this during any refurbishments.

### CCTV

The latest Network Video Recorders (NVRs) have up to eight megapixel resolution 30m day/night cameras and can be connected via your broadband to your phone. Cameras are now available which detect and adjust to bright lights such as head lamps. There are also steerable cameras and dome and turret cameras. There are

several good system security industry brands such as Hikvision and MaxxOne.

Discreet wiring and conduit systems. IP cameras over Wi-Fi can be installed when cabling isn't an option. There are many options and resolutions to choose. Call us to arrange a survey and quotation.

### Wireless alarm systems

Wireless alarm systems that can be used over an app on your phone, avoid cables and are particularly useful for out-buildings or garages.

We can fit or remote setting and un-setting, low battery warnings, with full set and part set. Again, a survey and quotation to suit your requirements are recommended.

## Kirkwood Hospice Shop

On Sunday 12 January if you had looked through the windows of our shop you would have seen all stock was covered with sheeting. Taking a closer look and you may have noticed that we had a firm of damp proofers inside. Our shop was closed on Monday January 13<sup>th</sup> and Tuesday January 14<sup>th</sup> while the inside wall was damp proofed, plastered and the floors sealed. The volunteers who helped to clean up on Wednesday were expecting the work all finished. They were disappointed to see it did not look a great deal different and that there was now a peculiar smell. (Apologies ... but we have been told that this will soon disappear) On a positive note, the volunteers did an amazing job cleaning, dusting, re-arranging the shop floor as well as serving customers, accepting and sorting donations.

At the time of writing this article we have been given a new schedule of work. Decorators are expected to paint the walls on Sunday 26 January. Joiners will

then be able to put up the plaster boarding. The ceiling in the corner will be made good, new carpet tiles laid and a bespoke shelving unit installed. Fingers crossed the work will be finished by the next edition of the Burton Bulletin....and certainly by the end of February. Watch this space.

We apologise to all those who had to take their donations to other Kirkwood Shops while we were closed. The situation was made worse by the fact that people were experiencing difficulty dropping donations off at our Denby Dale shop due to road works. Not the start we would have liked for 2020.

On a different note, Lynn Tack posted on Huddersfield Bygone Memories, an old photo of our shop. I am sorry that I don't have a date, but what a brilliant photo....and how vibrant Kirkburton looked with the Salvation Army band playing in the middle of the road. Much too dangerous to do that now, but wouldn't I have liked to experienced it first-hand.

## Kirkburton Pre-School

**SPORTS HALL,  
HALLAS ROAD,  
KIRKBURTON**

**01484606976**

**07858 469446**

[preschoolkirkburton@gmail.com](mailto:preschoolkirkburton@gmail.com)  
[www.kirkburtonpreschool.co.uk](http://www.kirkburtonpreschool.co.uk)

*Monday to Friday: 9am – 12 noon, 12 noon – 3pm*

*Children can stay for one session or all day.*

*There is a Lunch Club for those staying until 1 pm.*

*We take children from age two (in or out of nappies).*

*Places available, including funded places.*

*Should you wish to enquire about a place at our Pre-School please contact us with your details and we will send a Welcome Pack as soon as possible. You are also very welcome to visit.*

We pride ourselves at Kirkburton Pre-School on being part of the community and we were thrilled to be invited to provide a banner for All Hallows as part of their "Follow The Star" Christmas display.

We visit Kirkburton Library on Wednesday afternoons which the children love. If you see us on our way then please give us a wave.

**THANK YOU SO VERY MUCH.**

We wish to say a big thank all those who helped with the Santa Sleigh and to everyone who donated so generously to the Santa Sleigh this has been shared by the KHCA amongst the two village pre-schools and first schools.

We really do appreciate the efforts that the Santa Sleigh team went to make the Santa Sleigh week a huge success.

We have celebrated Chinese New Year and the children have attempted to eat noodles with chopsticks – some with more success than others.

People who help us are our theme for this term and the children are learning about the police, doctors and firefighters.

It was very exciting when we received a visit from Skelmanthorpe Station firefighters who arrived in a fire engine. After a hesitant start, as the younger children were a little nervous of the siren, the children sat in the fire engine, switching the siren on and off and taking turns using the hose pipes.

They also heard about fire safety. We are very grateful to the firefighters for their time and allowing the children to "have a go".

## THORNCLIFFE WORKING MENS CLUB

*A friendly welcome awaits you at the little club in the heart of the countryside.*

*With a recently renovated interior, large club field, children's play area and secluded garden it is the perfect place to relax with the whole family. Now selling real ale.*

*Find us and like us on Facebook for opening hours, events and club news.*

## MP's report

### Mark Eastwood MP

I would like to start my first article for the Bulletin by thanking everyone who voted for me on 12 December. It is a huge honour to have been elected as MP by the people of Dewsbury, Mirfield, Kirkburton and Denby Dale and to represent the area where I live.

Prior to polling day, I was employed as a Regional Sales Manager for a healthcare furniture company and I live in Earlsheaton, Dewsbury with my wife and two children.

My first month in Parliament has been a surreal experience, some aspects of it seem very familiar but it is also a steep learning curve. Luckily there are around 50 other MPs in the new intake who have similar backgrounds to me and we are finding our feet and supporting each other.

The large number of new MPs is having an impact, the long serving MPs, from all parties, appear taken aback by the sudden arrival in Westminster of Northern working-class Tories. This isn't a bad thing and brings a new and exciting energy to Parliament.

Since being elected, there have been some great moments, including the Queen's Speech and state opening of Parliament, but my proudest and most emotional, has to be my swearing in ceremony in the Commons Chamber, watched by my family from the public gallery.

One of the challenges of being a newly elected MP is getting an office established and a team recruited whilst at the same time trying to cope with the sudden influx of post and messages, a real mix of invitations, complex problems that individuals need my help with and good luck messages; dealing with this has been occupying a large chunk of my time.

Thankfully I have now appointed an Office Manager, Adam Gregg, and have secured an office in Dewsbury Town Centre, which will be occupied by the end of January and where I will be holding regular surgeries. One of your local Councillors, Councillor John Taylor will also be working closely with me and will help me make sure that all issues in Kirkburton receive the attention they need.

I know that attending surgeries across in Dewsbury Town Centre won't work for rural areas like Kirkburton and I will be hosting surgeries locally as well. Watch this space for further details.

I am now looking forward to getting out and meeting you all at some point. I will of course be working alongside your local Kirklees Councillors and Parish Councillors to tackle the issues and priorities that you shared with me during the recent election campaign.

I have been lucky enough to secure a question at Prime Minister's Questions this week and will be asking Boris to look at the state of Northern Rail services which is an issue coming up regularly in my post-bag. We should be able to expect trains that run on time.

In the meantime, if you need help with any local or national issues, please contact me by email:

[mark.eastwood.mp@parliament.uk](mailto:mark.eastwood.mp@parliament.uk)

Thanks again for putting your faith in me and I look forward to being a strong voice in Westminster for Kirkburton throughout this parliamentary term.

Best wishes

**Mark Eastwood MP**

## Letters

### HD8 Angels at the Library

I always enjoy going to the Library coffee mornings on various Saturdays – we always meet up with friends and acquaintances we haven't seen for some time. I find the library a very welcoming and comfortable place and the staff/volunteers are very friendly and positive.

What a treat we had on Saturday 14 December when HD8 Angels were performing. The girls sang various songs relating to Christmas and others from more modern shows, which included some very artistic simple dance movements to enhance their performance.

I would like to thank Liz and Sally for all their hard work with these very talented girls from our area. I admired their group and solo performances immensely – it takes a lot of courage to do this in front of an audience. I hope we will be treated to some more of the same soon. Well done everyone.

**Vanda White**

### Fire Safety - Did you know?

National statistics show that you are four times more likely to die in a fire if you do not have a working smoke alarm.

It was news to me that the Fire Brigade provide a free fire safety advice service..

I rang Skelmanthorpe Fire Station to book a visit. I was told to expect Steve and Marcus that Friday. They arrived and could not have been more helpful. They tested the smoke alarm downstairs, and it passed. Upstairs we had only the remains of a smoke detector. My husband John had smashed it off when it started beeping in the middle of the night after we moved into our house. Steve and Marcus fitted a new smoke alarm so that if it did go off it could be heard in all the bedrooms.

The smoke detector was FREE and anyone can have this free fire survey. Don't become a statistic. Ring Skelmanthorpe Fire Station on 863514 and book a visit.

*The website has examples of all the paintings and prints available*

We want to hear your views, comments and suggestions. No personal attacks, unpaid-for product, services or party-political promotion (you can deliver your own leaflets). Where political points are made (however subtly), to ensure balance, we will ask other parties to put their view. We will even consider publishing your letters anonymously (as long as you tell *us* your name and address. We do, however, reserve the right to edit any letter you send as we do not have unlimited space, so keep it short.

#### From Councillor Richard Smith

I am writing to give residents a brief update on some of the things that I as one of your local Councillors have been working on recently.

#### Rubbish Bins

I attended the January KHCA meeting and was particularly impressed with work done by members of Burton Environment Group, who have done a study of all the litter bins in Kirkburton and Highburton and compiled a report of their condition and location. Thanks to Rachel Matthews from BEG, who has kindly shared the work she did.

I have managed to secure funding to replace all 34 bins with new ones, made out of 90% recycled products, which is excellent for the environment. The new bins also have very little value to thieves unlike the old steel ones. Residents should see the rollout of the bins taking place by the time this publication is delivered. They will arrive in two batches, so don't worry if half of them are replaced and nothing happens for a few weeks.

#### Section 106 Contributions

Following on from the new building development on Burton Acres Lane, as agreed as part of the Planning process, some money from the developer Redrow has been made available to spend on village amenities. There are different pots of money (Called Section 106 contributions) which are strictly controlled and can be spent on specific items.

Hopefully all residents will have seen and been able to contribute to the recent Consultation event to discuss enhancements to the Kirkburton and Highburton Recreation Ground, adjacent to the Tennis Club. I attended the face to face event held at Kirkburton Library which was really well attended. It was really good to meet so many people, with people of all ages coming to offer their own opinions.

At the time of writing, Kirklees Council officers are still working through the responses, but I am extremely confident there will be a proposal which will please the majority of residents that we can move forward with.

Separately, I am also working with senior officers in the council to discuss S106 monies for local schools. This is taking longer than I was hoping, but progress is being made. We need to ensure that the money is spent in line with the specific wording in the agreement, which means there are some things that it cannot be spent on. It is also necessary for us to make a case that the money is spent to address a need specifically created by the new development which, although this sounds straight forward can be more of a challenge when you start to consider the options.

I will continue to attend KHCA meetings when I am able and would welcome any comments or suggestions any of you may have regarding the area.

As always, please feel free to contact me on [Richard.smith@kirklees.gov.uk](mailto:Richard.smith@kirklees.gov.uk) or [richard4kirkburton@gmail.com](mailto:richard4kirkburton@gmail.com) or 07799310725 if I can help you with issues within Kirkburton or Highburton.

Best wishes,  
**Councillor Richard Smith,**  
**Kirkburton Ward**

#### Litter bins — a result

Further to the request for us to 'have our say' on ideas for the New Village improvement fund in Burton Bulletin November 2019 issue, one of the suggestions was the replacement of the rusty litter bins, possibly with a bespoke design.

A survey of litter bins in Kirkburton and Highburton has provided some idea of the number, types, condition and location of our existing bins. In summary, located so far, there is a total of 40 bins (22 Steel Diagonal Slatted-sided bins, eight Plain Steel-sided bins, six Rounded Corners, Plain Steel-sided bins, and four oddments)

The really good news is that it seems that we will be able to replace our bins with new ones which won't rot. Huge thanks are due to our councillor Richard Smith for making this possible *Ed: (see Richard's letter).*

**Rachel Matthews**

# Sports Reports

*Do your New Year Resolutions include keeping fit and having fun.....???*

*If so, why not come and meet us - at **Gregory Fields Tennis Club**.*

We are a small and friendly local club at the heart of Highburton/Kirkburton and we would be absolutely thrilled to see you on the courts, whatever your age or ability.

The club has three all-weather tarmac courts with floodlights, so it is possible to play all year round. We also have a modern purpose-built clubhouse with kitchen facilities and changing rooms.

If you are interested in playing competitively, then we have two men's teams, two ladies' teams and two mixed doubles teams, and a junior team – all playing in the Huddersfield and District Tennis Leagues.

If you prefer to play socially, then we hold club sessions on Thursday evenings from 6:30pm onwards and on Friday mornings 10am -1pm. These sessions are an important focal point for the club and provide a great opportunity for members to come along, meet other players, mix in – and generally have a fun time.

We hold inter-club tournaments, including The Crabtree Cup and The Presidents Cup.

Andy Smith, our Level 4 LTA qualified Coach, runs a coaching programme, which caters for children aged 4 upwards and adults. This includes:

- Taster Sessions for Children
- Junior Coaching on Sunday Morning
- Tennis for Kids Classes on Wednesdays after school
- Individual and Group Coaching by Arrangement
- Cardio Tennis for Adults on Sunday Afternoons
- Easter and Summer Holiday Sports Camps

So, whether you are an absolute beginner, someone returning to the game after a break or an experienced player – **GET IN TOUCH NOW.**

Our Membership Secretary is Paul Dowse and he can be reached via our email address

**gregoryfieldstc@gmail.com**

Full details of our membership packages, coaching programme and Holiday Sports Camps are available on our website at

**clubspark.lta.org.uk/GregoryFieldsTennisClub** It is also possible to use the courts on a Pay & Play basis – full details on the website.

## Kirkburton Football Club

### The season so far

Kirkburton AFC decided to run two teams this season, due to the number of players who had signed on, so we entered a reserve team into the Huddersfield & District reserves league. This team is running under the watchful eyes of Jack Wimpenny and Mikey Vickerman, whilst the first team is being run by Matthew Sykes and Daniel Capstick. Both teams are doing really well.

The first team are currently second in the league with games in hand. Having played ten games winning six and drawing four, undefeated in the league so far! Top scorer for the first team is Ricardo Lanzito with 15 goals. Unfortunately

they have just been knocked out of the Sheffield cup quarter final by a very experienced side, Wickersley, but they are still in the Huddersfield challenge cup and play Lindley on the 18/01/2020. They play either Grange Moor or Wooldale in the Groom Cup.

The reserves are currently top of their league, played eleven, won eleven and scoring for fun, top scorer in the club so far is Jack Goram with 24 goals, then Jack Woods on 20. They play Shelley development on the 18/01/2020 in the second round of the challenge cup.

If you would like to keep up with all Kirkburton AFC's activities and fixtures please visit our Facebook page or our Twitter page.

If there is anybody willing to help out with ground maintenance or bring some new ideas to the club, please come along and help out, contact a committee member or e-mail [kirkburtonafc@btconnect.com](mailto:kirkburtonafc@btconnect.com)

## New Rain Jackets for Under-6 Footballers

Coaches, Paul Chilvers and Tommy Campbell have completed their FA level 1 coaching course and train the new Kirkburton Under 6 football team every Thursday at Kirkburton Middle School.

All the children are enjoying their training sessions and are now starting to take part in the occasional friendly match with other local Under 6 teams.

On Thursday 14 November all 22 players received an all-weather jacket for training, courtesy of their local sponsors John and Oliver Womack

from MVS (a local car garage) based in Dalton.

Their jackets have the MVS logo on the back and each child's initials on the front. All the children were very happy and excited to receive their jackets.

Thank you very much to John and Oliver for their support.

The picture above shows all the lads wearing their jackets. Oliver Womack (MVS) is to the left with Paul Chilvers (coach) next to him and Tommy Campbell (coach) on the right.

## February Gardening Tips

from Lisa Halifax  
at Totties

Now that February is here it's time to get our hands dirty and start to prepare for the growing season. If the soil is workable, dig in 5cm or more of well-rotted manure into your beds, chicken pellets or fish, blood and bone can be used.

It may be chilly outside but it's time to get going on the veg plot. Jobs include: warming the soil, starting off peas, sowing broad beans, also think about trying some first early potatoes. Once you get into March and then April put some time aside as this is the main month for sowing seeds. Beetroot, carrots, leeks, radishes, spinach, sprouts, cabbage, onion, second early and main crop potatoes can now be sown. Tomatoes sown in a heated greenhouse are now ready to transplant.

Get your children or grandchildren involved in growing, gardening can be great fun, is good for you, and brings many benefits to your physical and mental health.

Early February is the time to buy potted spring flowering bulbs to add some colour to your pots. If you're short on space you can temporarily place them in a border until they've finished flowering and then move them giving your garden some spring colour.

Primulas are also fantastic to add to pots or borders for some bright early colour reminding us Spring is nearly here. With so many colours and varieties to choose from, a mix of them look fabulous planted together.

Protect fruit trees and bushes with netting, birds love new developing fruit buds. Feed them all with potash, this will help produce healthy strong fruit, also if your fruit bushes were lacking in fruit this will help them by giving them a high fertiliser boost.

If you haven't already pruned your roses make a start on this mid-February.

**Plant of the moment**  
Jasminum nudiflorum - yellow (pictured below).

This delightful winter flowering Jasmine is a popular climbing plant which is easy to grow and flowers from November to March, the flowers appear ahead of any leaves on bare branches. Its bright green stems, even in winter, and dark green shoots add to the appearance of this lovely climber. Regular pruning helps to keep it tidy, but we recommend giving it space to really show it off.

### Situation vacant

## Eating Out with the Burton Diner

### 315 Bar and Restaurant

**315, Wakefield Road, Lepton, Huddersfield, HD8 0LX**  
**01484 602613 . [www.315barandrestaurant.co.uk](http://www.315barandrestaurant.co.uk)**

This restaurant is also a hotel, and spa and describes itself as “*offering high quality modern cuisine in a contemporary and stylish setting in a relaxed and welcoming atmosphere with top class service. The menus incorporate the best of British and European influences with all food prepared freshly on the premises and using much locally sourced produce with the bread and ice cream made on site*”.

Head chef Jason Neilson started his career at Le Manoir aux Quat’ Saisons, Raymond Blanc’s two-star Michelin starred restaurant where he became the youngest sous chef, moving to France and then back to the UK to open Thorpe Grange Manor in Almondbury before taking up the post at 315.

The restaurant offers two menus, a la carte for evenings and casual dining for lunch times with the additions of Sunday lunch and afternoon tea, plus cookery school experiences with the head chef and many special events and various offers during the year.

This January the offer for the month was for a fillet steak meal for two for £30 on Mondays to Thursdays from noon to 9pm, so I booked to go with my regular dining companion in the evening.

Going through the main glass entrance you arrive in a smart bar area with seating all very clean and warm. We checked in and were shown to our table in the main area of the restaurant with its crisp linen tablecloths and napkins by attentive and smartly dressed waiting staff.

The restaurant ambiance is modern and tastefully decorated, there is also a large conservatory overlooking the countryside at the back of the main dining area. We decided not to have starters and instead ordered some pre dinner nibbles of rice crackers, marinated olives, humus and crostini at £4:50 which we shared before the main fillet steak course arrived. The main meal was delicious and good value, tender fillet steak cooked perfectly and served with chunky chips, green beans, shallots in red wine and a béarnaise sauce. There is an extensive wine list to accompany meals but, as we were driving, it was lime and soda for my friend and a glass of water for me. After the steak neither of us had room for a dessert but there was a varied selection on offer, all in all it was a very pleasant evening.

The restaurant’s a la carte evening menu prices range from £6 to £13 for starters, £20 to £28.50 for mains with

side dishes all at £2:95 and desserts £7:50 to £10.

The casual dining lunch menu prices range from £6–to £9 for starters, £13 to £19 for mains and £7:50 to £8 for desserts.

Afternoon tea offers two options £15:95 and one at £19:50 which includes Parma ham with sun dried tomatoes and pesto plus a glass of Prosecco. Sunday lunch offers two courses at £18:50 or three at £22:50.

Cooking Experiences with the head chef are available at £65 per head where you will

work with Jason to prepare a three-course meal that you will ultimately eat with up to seven guests each paying £25 for the privilege.

The hotel with its eighteen, stylish double rooms and ample parking is a venue for weddings and other family and corporate events held in the Ingram Suite—a contemporary and flexible space designed to accommodate 100 people seated. There is also a spa and wellbeing centre attached to the hotel offering a full range of facilities and treatments in a very pleasant wooded setting.

## BB Book Review

# Nine Perfect Strangers

By Liane Moriarty

Liane Moriarty is the author of Big Little Lies, televised by Sky and hugely successful. Nine Perfect Strangers is also due to be filmed for television, starring Nicole Kidman.

Tranquillum House claims that it will transform the lives of its guests during a ten day mind and body retreat. A secluded, glossy boutique wellness resort, its combination of fasting, meditation, yoga and emotional release exercises sounds like just what each of its nine guests needs.

There's middle-aged, menopausal romantic novelist, Frances, whose career is rapidly becoming as washed-up as her personal life. Harassed mother of four Carmel, who's obsessed with her weight and is only interested in the fasting.

Stylish Ben and Jessica, in designer clothes and driving a yellow Lamborghini, neither of which is saving their crumbling marriage. Gorgeous Lars, a veteran of health resorts. Stocky Tony, an unlikely candidate for a health food cleanse. And the only family, Napoleon, Heather and their daughter Zoe, each nursing a tragic secret.

Overseeing them all is a team of squeaky-clean wellness consultants, presided over by a charismatic director who brooks no opposition to the centre's unexpectedly draconian rules. As mobile phones are removed and smuggled-in treats spirited away, the guests start to feel uneasy. But even in their wildest imaginings they can have no idea what the retreat has in store for them.

What starts as a light as a feather, easy read soon takes a darker turn, and this is Liane Moriarty's genius - combining a cast of brilliantly drawn, relatable characters with an increasingly sinister and skilfully told plot. Good intentions to put the book down will be abandoned as you find an excuse to read just another chapter - and another and another, as the story sizzles its way to a thoroughly satisfying ending. And if you are thinking of booking yourself into a wellness retreat any time soon, you may find yourself examining the small print a little more carefully than you've ever done before.

The Burton Bookworm

## Recipe for February

# Pickled Herring & Apple in Soured Cream

Try to find herring fillets marinated in a mild, sweet brine for this quick-to-make refreshing first course.

### Ingredients (serves six)

4 pickled herring fillets  
1 large firm dessert apple  
300ml soured cream  
Half a whole nutmeg, grated  
1 small red onion, sliced thinly  
A handful of fresh coriander  
A handful of fresh mint  
A pretty-leaved lettuce  
Salt & Chilli powder

### Method

Rinse the herring under cold water.. Pat dry with kitchen paper. Cut the fillets into thin pieces. Peel and half the apple then slice thinly. Put the cream in a

mixing bowl and add grated nutmeg, season with salt and chilli powder. Stir in the sliced herring, onion and apple slices. Reserve a few coriander leaves for garnish, then roughly chop the rest. Stir the chopped coriander and mint into the soured cream mixture.

Cover the bowl and leave in the refrigerator.

Shortly before serving arrange the lettuce leaves on six individual plates. Spoon the herring and cream mixture in a pile on each plate.

### To serve

A perfect accompaniment is highland oatcakes, or thinly sliced brown bread. Garnish with coriander leaves.

# JUST FOR FUN

**OOPS!!**

## Relationships are funny things ....

"I'll call you later!", "Please don't ...I asked you to call me dad"

"Am I adopted?" "Not yet!"

I was digging a hole in the garden and uncovered a pot of gold coins and wanted to run inside to tell my husband ... then remembered why I was digging the hole.

I've had bad luck with both my wives. The first one left me, and the second one didn't.

I child proofed my house ... but they still get in

"And what will you do when you grow up to be as big as me?" asked the father of his little son. "Diet."

Some people think it's romantic to carve their names on trees in the park while on a date. I'm more worried about why they're bringing a knife on their date.

Outvoted 1-1 by my wife again.

A good wife always forgives her husband when she's wrong.

I'm sure wherever my Dad is, he's looking down on us. He's not dead, just very condescending

Only after getting married you realise that those husband-wife jokes were not just jokes.

If it weren't for marriage, men would spend their lives thinking they had no faults at all.

Now, it's true I married my wife for her looks... but not the ones she's been giving me lately.

## Silly Stuff ....

They are testing a new blender but are getting mixed results

You can always tell if someone is lying ... it's the fact they are horizontal that gives it away

How did Moses cut the waters of the Red Sea .... With a seesaw!

"I work with animals every day", "Oh that's nice what do you do?", "I'm a butcher"

Can you have an expiration date on an anti-aging cream???

My therapist told me to write letters to the people I hate. I've done that... don't know what to do with the letters

Last night I got into a taxi and said to the driver, 'Robin Hood's Close'. He said 'Don't worry, I'm sure that I can lose him at the next set of traffic lights'.

"Why are you driving your car in circles?", "Just going for a little spin."

The dieter's motto. If at first you don't recede, diet again

Have you ever seen a duchess? Yes - it's exactly the same as an English "s".

How do you make gold soup? Put 14 carrots in it.

I booked myself onto an escapology course; Now I'm struggling to get out of it.

After six hours learning semaphore, I was flagging

Someone stole my antidepressants. Whoever they are, I hope they're happy

This is my step ladder. I never knew my real ladder.

Can you tell a hair-raising story to a bald man?

So what if I don't know what Armageddon means? It's not the end of the world.

Two parrots sitting on a perch. One says to the other: "Can you smell fish?"

### Friday Friendship Cafe

A friendly Café runs every 1<sup>st</sup> and 3<sup>rd</sup> Friday morning in the **Mercer Room, Shelley Village Hall** offering support and a safe space if your memory lets you down, or you are a carer and want some time out, or maybe wishing for company due to bereavement.

Pop in anytime on **Friday 21<sup>st</sup> Feb**

**Friday 6<sup>th</sup> and 20<sup>th</sup> March**

**Friday 3<sup>rd</sup> and 17<sup>th</sup> April**

**between 10am – 12 noon**

If you would like to know more about this friendly Café please contact Jill on 01484 605257 / 07804 417271

*Having a coffee or tea out is a lovely treat for most of us - but sometimes this can seem quite lonely, even if you are with someone, or have left someone at home. If you want company, friendly faces and happy chatter then think about coming to the Friday Friendship Café. We are a lively bunch guaranteed to cheer you up and make you feel at home.*

Save the date

## Burton Open Gardens

**Sunday 29 June 2020**

This year the open gardens event will feature gardens in Kirkburton and Highburton  
More information in the May edition of the Burton Bulletin

### Burton Environment Group Walk

On Saturday 28 March Burton Environment Group are going on a Parish Council Walk as part of the Parish Council's strategy to develop a Nature Improvement Plan.

The walk is about 4 miles and will visit a number of sites in Kirkburton.

We will meet at the Information Board at 10am at the bottom of the track into Town Quarry. (halfway between Try Cycling and Clarity Skin and Beauty).

The walk will take 2.5 - 3 hours and the object is to look at ways to improve bio-diversity. The plan is to begin at the quarry, then go to the Community Fields, through Dean Park to All Hallows churchyard, Box Ings, Dam Hill to Thunderbridge and back to the starting point via Thunderbridge Meadows. A coffee or a pint at the end of the walk can be had at Cottage Kitchen or the Liberal Club. Posters will advertise the event nearer the time.

Everyone is invited and your views and input are welcome.
